

FOR IMMEDIATE RELEASE

SIU Completes Investigation into Thunder Bay Police Service Incident

The following is a Statement from Thunder Bay Police Service Board Chair Karen Machado:

THUNDER BAY, ON (June 13, 2024) — “We thank the Special Investigations Unit for its investigation into the matter and are reassured to see that no criminal charges have been brought forth.

As with all such investigations there are further steps for the Thunder Bay Police Service and the Board to take.

The Board will review the SIU report and await the findings of the internal review from the Chief of Police for areas where the Board can direct action through changes to policies and procedures.

The Thunder Bay Police Service Board values and respects the role of the SIU as a key pillar of police accountability in Ontario. Ensuring the system of police oversight works, means that all parties should not only review, but also always look for opportunities to change and improve.”
