MESSAGE FROM THE CHIEF

2023 was the year I joined this community to become Chief of Thunder Bay Police Service (TBPS). What stood out early on is the dedication of TBPS Members to keeping our community safe. Since the day I began this role, community leaders and members have made a point of connecting to share their support of and gratitude for our Service.

A focus in 2023 was engaging the community. It was heartening to see many people of diverse backgrounds participate in various forums to share their perspectives, expertise and lived-experiences. Every conversation builds understanding, shapes our priorities, and strengthens trust.

Listening, combined with transparency and accountability, supports the important work of implementing recommendations from various reviews. Recognizing that change is necessary, much progress has been made to reassess and refine our strategies. Work is ongoing to improve and enhance the effectiveness of our operations and ensure the expectations of our community are met.

2023 was a year of both reflection and proactive change. I am proud of the TBPS team's resilience and extend my gratitude to them for their unwavering dedication and hard work in 2023. From addressing incidents of violence to tackling issues surrounding mental health and addiction, our Service has remained steadfast in its mission to serve and protect. TBPS continues to lead the nation in weighted clearance rate and weighted clearance rate (violent) - important metrics used to measure the effectiveness of solving crimes.

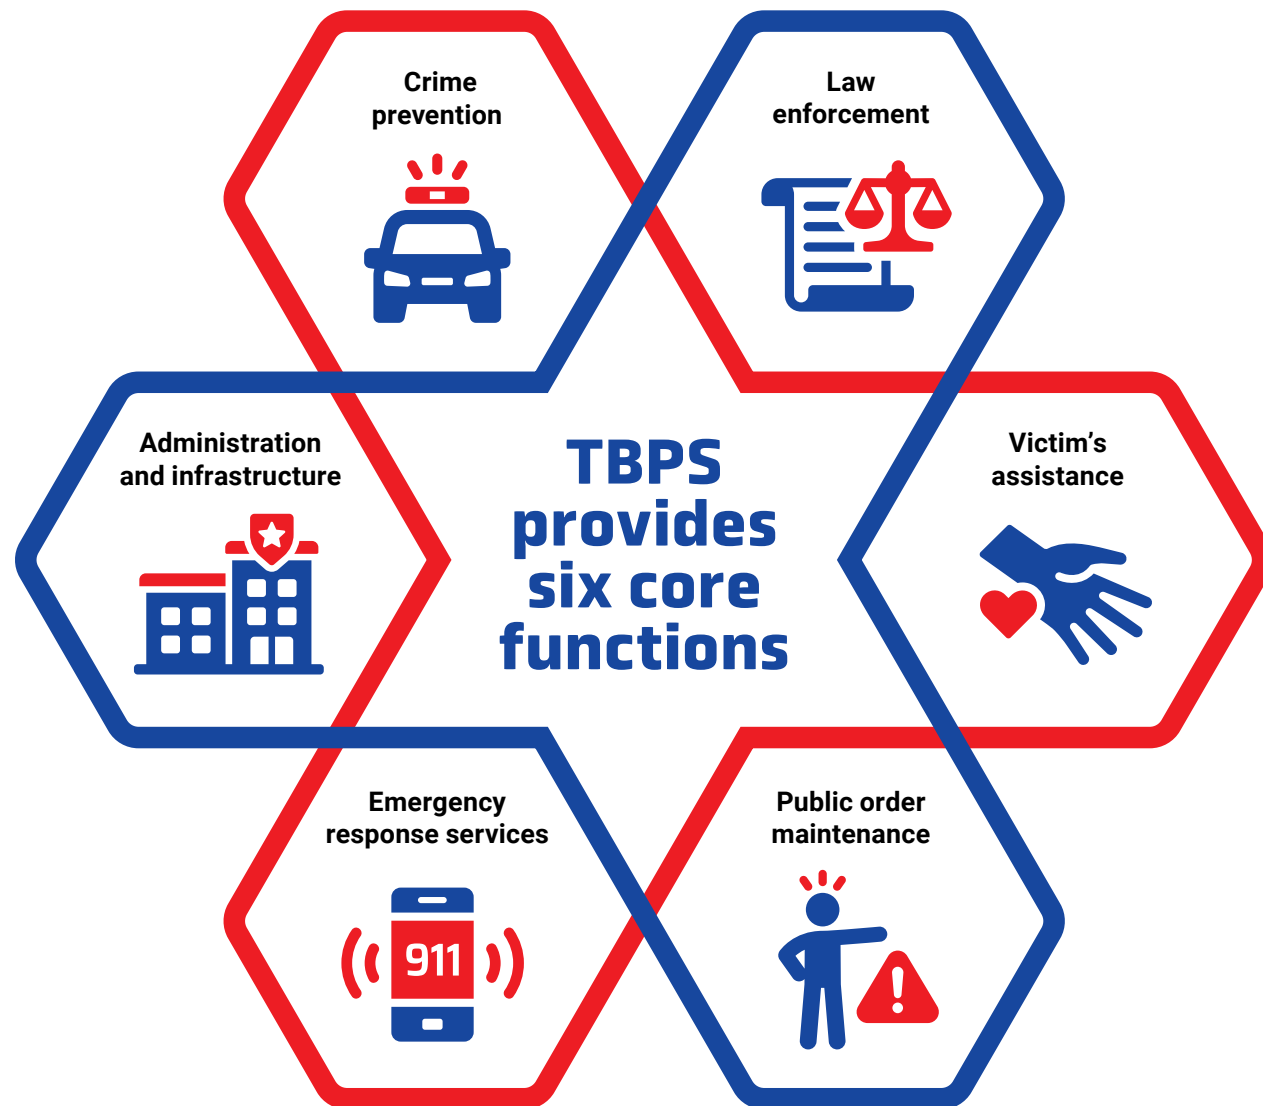

Collaboration was key to many successes, including the 2023 expansion of our partnership with CMHA Thunder Bay on the successful IMPACT program. Many of the calls police respond to are intertwined with mental health challenges. By working closely with mental health professionals, we have been able to provide better support to those in crisis and help to reduce the stigma associated with these issues.

I want to reaffirm our commitment to the safety and well-being of all residents of Thunder Bay and Oliver Paipoonge. There is more work to be done, and we are dedicated to continuing our efforts to improve community relations, enhance service delivery, and tackle the underlying issues contributing to crime.

Together with our partners and residents, TBPS will continue its commitment to serve and protect our communities in a compassionate, efficient and effective manner. Thank you for your trust and support as we navigate the challenges and opportunities that lie ahead.
